The Hardwood Forestry Fund targets more than 85% of each donation directly to tree planting and management projects on public land. Your tax-deductible donation helps replace trees used in the manufacture of products people use, establishes healthy wildlife habitats, cleans the air, protects waterways, stabilizes soil, and ensures damaged and idles sites return to critical forest cover. Our projects target native trees that grow best on each unique site. Questions? Please call 703-503-1155.
